

Battery Energy Storage Rankings

Overview

According to Wood Mackenzie's 2024 Global Battery Energy Storage System (BESS) Integrator Report, Tesla now leads with 15% market share, dethroning 2022's champion, Sunshine Solar (which dropped to second place with a 12% slice of the pie) [1] [6]. What are the best battery energy storage companies?

When it comes to the 10 Best Battery Energy Storage Companies, industry leaders like BYD, Tesla, MANLY Battery, and CATL set the benchmark with cutting-edge technology and global market dominance.

Which battery energy storage system integrators are the best in 2024?

AC side: Leading manufacturers between China and the U.S. maintain strong positions amid competition. The top five global battery energy storage system (BESS) integrators in the AC side for 2024 were Tesla, Sungrow, CRRC Zhuzhou Institute, Fluence, and HyperStrong. Tesla and Sungrow secured the top two global positions.

Which energy storage companies have installed the most energy?

Together, the top five have installed more than a quarter of the energy storage currently in operation globally. The top five in terms of installed projects (that is, projects completed as of July 2023) are, in descending order: Sungrow, Fluence, Tesla, Wärtsilä and Hyperstrong.

Which country has the most energy storage batteries?

China, in particular, is a major player, with CATL leading globally in battery deliveries for energy storage. The country's aggressive push to build out its renewable energy capacity is supported by the large-scale implementation of energy storage lithium batteries.

What is the battery energy storage system (BESS) industry?

The Battery Energy Storage System (BESS) industry has experienced remarkable growth in recent years, driven by the global shift toward

renewable energy and the increasing need for reliable grid stability solutions.

Who makes energy storage batteries?

Below are ten of the most influential energy storage battery manufacturers worldwide, covering a wide range of applications from residential to commercial and grid-level storage. The list is in no particular order: 1. CATL (Contemporary Amperex Technology Co., Limited) – China One of the largest manufacturers of lithium-ion batteries globally.
