

# **Black Mountain Energy Storage Project Approval Time**

## Overview

---

Following a meeting on 25 September, the City Plan Commission of Milwaukee made a resolution giving approval to plans for the facility, published two days later and signed by commission chair Chris Lee.

## Black Mountain Energy Storage Project Approval Time

---

### [Christian County Sabertooth Battery Energy Storage System ...](#)

On-site construction will take 12-14 months and will involve 100-200 construction jobs. Whenever possible, Black Mountain Energy Storage prefers to hire local contractors to construct its ...
