

British advanced photovoltaic panel manufacturer

Overview

Where are Anglo solar panels made?

Anglo Solar Panels are manufactured in Sedex SMETA-audited factories, ensuring ethical working conditions and full supply chain transparency. We are committed to fair labour practices and guarantee that our products are made entirely free from exploitation or modern slavery. Solar Solutions with a British Guarantee.

Why should you choose a British Solar brand?

Customers are increasingly aware of solar supply chain issues, including links to modern slavery. Offering a British brand with ethical and transparent procurement practices sets you apart, providing customers with high-quality products and confidence in your commitment to integrity.

Are Anglo solar panels ethical?

Proudly Ethically Produced. Anglo Solar Panels are manufactured in Sedex SMETA-audited factories, ensuring ethical working conditions and full supply chain transparency. We are committed to fair labour practices and guarantee that our products are made entirely free from exploitation or modern slavery.

Why should you choose Anglo solar?

With Anglo Solar, you get the peace of mind that comes with a truly British company. Below is a list of our most popular panels for both residential and commercial applications. Our 410W Tigo optimised Ofgem Innovation Measure panels are our most recent addition to our portfolio.

Are Panasonic evervolt solar panels good?

The Panasonic Evervolt solar panels use heterojunction technology with gapcell connections to minimise electron loss and maximise conversion efficiency. With 410W, these panels have a great power output. These panels also have a good temperature coefficient, meaning they perform very well

under intense sun conditions.
