

Latvian outdoor portable power cabinet recommendation

Overview

What is the best portable power station for home backup?

No one wants to sit in the dark, especially when a reliable backup can keep everything running smoothly. After testing and comparing, the best portable power station for home backup is the EF ECOFLOW DELTA 2 Max Portable Power Station. It charges fast, powers most home essentials, and holds up over time. Power outages aren't just annoying.

What are the best portable power stations?

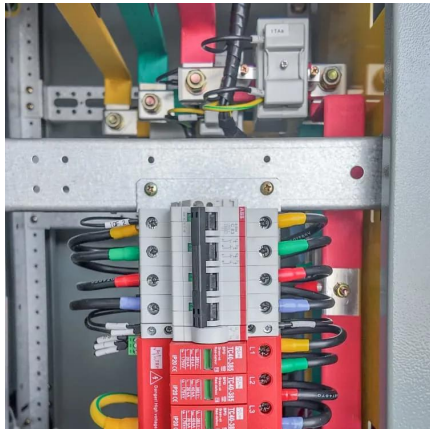

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Oupes. Are LiFePO4 power stations portable?

With the new LiFePo4 battery chemistry, I personally found that units in the 1000 Wh range were fairly portable, while those that were closer to 1500 Wh were more of a chore to pick up and move around. Power stations that stood out as especially difficult or easy to move around have been noted in the individual reviews.
