

# Purchase and install solar photovoltaic panels

## Overview

---

Should I buy a solar panel system from a large company?

One popular option for installing a residential solar panel system today is contracting through a large solar company, such as SunRun. There are certain advantages to buying a solar panel system from a large solar company.

Where can I buy a solar panel kit?

Many people commonly purchase solar panel kits from Amazon that include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.). Most solar panel kits are best suited for smaller applications, such as an RV or boat instead of a home.

Where can I buy solar panels?

Like the national companies, installers on EnergySage provide turnkey quotes that include equipment, financing, and installation. If you want to purchase equipment for a DIY project or install a small, portable off-grid system, wholesale resellers or Amazon may be the most suitable option. What is the best place to buy solar panels for you?

.

Should you install DIY solar panels for your home?

When you install DIY solar panel kits for your home, you can save thousands of dollars and avoid the hassle of working with costly professional installers. You'll also have full control over your solar panel project. Get your solar system up and running ASAP so you can reduce or eliminate your monthly electric bill.

Where can I buy solar equipment?

Like wholesale resellers, Amazon is another way to purchase solar equipment directly. Many people commonly purchase solar panel kits from Amazon that

include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.).

Can you buy solar panels yourself?

While it is possible for homeowners to buy solar panels themselves, either used or directly from the manufacturer, there are a few reasons to buy them through an installer. Design a custom solar system and compare quotes online. The back way into buying solar panels is buying a house that already has solar panels installed.
